

COVID-19 Community Report

Date: Wednesday, February 17, 2021

Time: 5:45 PM

20-090

Stop the Spread

Multiple Layers Improve Success

The Swiss Cheese Respiratory Pandemic Defense recognizes that no single intervention is perfect at preventing the spread of the coronavirus. Each intervention (layer) has holes.

The CDC recommends the practice of healthy habits to help slow the spread of COVID-19. Healthy habits include:

- Wear a mask over your nose and mouth and secure it under your chin
- Practice social distancing by putting 6 feet space between yourself and others, remember some people without symptoms may be able to spread virus
- Avoid crowds, Being in crowds like in restaurants, bars, fitness centers, or movie theaters put you at higher risk for COVID-19.
- Avoid indoor spaces that do not offer fresh air from the outdoors as much as possible. If indoors, bring in fresh air by opening windows and doors, if possible.
- Wash your hands often with soap and water for at least 20 seconds especially after you have been in a public place, or after blowing your nose, coughing, or sneezing.

Long-Term Care Facility residents and staff

Persons 65 years of age and older

Health care personnel with direct patient contact

COVID-19 Vaccines Distributed by DOH Brevard at Viera
as 2/16

Vaccine Operation Highlights

- Department of Health-Brevard and the partners they are supporting have provided **29,543** vaccines since January 4, 2021
- On January 29, the State of Florida rolled out a statewide COVID-19 Vaccine pre-registration system (phone & internet) for all Florida residents to utilize
 - As of Tuesday, February 9:
 - Statewide pre-registrations: 1,132,501
 - **Brevard County phone pre-registrations: 41,701**
- New appointments will be released via the State's pre-registration system going forward as new doses are received
- As part of the Governor's pilot program to partner with minority churches in underserved communities to distribute COVID-19 vaccine, Brevard has been fortunate to have three events at the below locations:
 - Mt Moriah in Palm Bay
 - St James AME in Titusville
 - 5 Church Collaboration in the Cocoa/Rockledge area
- The federal government has launched the first phase of the Federal Retail Pharmacy Program
 - Under this program, the Federal Government will supply vaccines directly to select pharmacies across the country
 - Approximately 2600 stores nationwide are in the first phase, with 1 million total doses allocated for the first phase so initial supply will be limited
 - [Additional information on the program](#)
- The severe weather that has impacted large portions of the country has resulted in delays for new COVID-19 vaccine deliveries
