CDC COVID-19 Vaccine Recommendations

CDC issued recommendations for Fully Vaccinated People

Fully vaccinated people can now:

- Visit with other fully vaccinated people indoors without wearing masks or physical distancing
- Visit with unvaccinated people from a single household who are at low risk for severe COVID-19 disease indoors without wearing masks or physical distancing
- Refrain from quarantine and testing following a known exposure if asymptomatic

In all other situations, fully vaccinated people should continue to wear masks, physically distance, wash their hands often, avoid medium to large gatherings, follow employers guidelines, and get tested if they are [experiencing COVID-19 symptoms](#).
