

2045 Transportation Needs Public Meetings

Join Us!

Share your input on transportation needs for the year 2045!

The Space Coast TPO would like you to voice your vision on transportation improvements or changes you'd like to see in your future community. We'll have maps and stations for you to engage with and staff to speak with about our long-term goals. Your input will help us determine what projects our limited transportation funds will be spent on in the future.

Safety

Multimodal Options

Linking Transportation
with Land Use
