Welcome to the Town of Malabar's Page

MALABAR BUSINESS SPOTLIGHT

Sunshine Cupcakes is a home-based bakery specializing in cupcakes that are gourmet in taste, yet homemade in price, making both your taste buds and wallet happy. Sunshine Cupcake's owner, Kelly Hare, was thrilled to become a Malabar resident earlier this year and was born and raised right here in Brevard County. In fact, the name Sunshine Cupcakes was inspired by the great Sunshine State that she is proud to call home. The idea for Sunshine Cupcakes was born out of a lifelong love of baking, as well as a desire to bring something positive – a little cup of sunshine, if you will – to a society that is increasingly focused on the negative. In addition to gourmet cupcakes, Sunshine Cupcakes can create custom party favors or sweet treats that are perfect for holiday gift giving. Examples include the signature Oreo wedding cakes, homemade truffles, and hot chocolate and marshmallows. While Sunshine Cupcakes has a wide array of cupcake flavors and treats available, customer requests are always welcome. Sunshine Cupcakes currently has an online presence on Facebook, but plans are in the works to bring cupcakes to a farmer's market near you soon!

Visit Sunshine Cupcakes on Facebook at [OrderSunshineCupcakes](#) or contact Kelly directly at Phone: (321) 213-7928 or email: ordersunshinecupcakes@gmail.com

SUMMER PUBLIC WORKS UPDATE

The Florida summer is in full swing, but that hasn't slowed down the Town of Malabar's dedicated Public Works Department! Over the last few months, our Public Works Department has been hard at work improving our community. Every month, our Public Works Crew maintains all five of our community parks by providing waste removal, regular equipment maintenance, as well as mowing and weed eating. They also maintain the Fire Department grounds and Town Hall. Fridays are generally dedicated to responding to citizen requests and road grading. Since April, at least 35 roads have

been graded, and over 20 citizen contact complaints have been resolved. Our crew has also been working to improve the drainage in our Town. Over the last few months, the Public Works Department has successfully cleared over 1260 yards of ditches, while removing 84 loads of ditch spoilage. In these rainy months, their hard work has shown noticeable results in the Town's stormwater management system. Water is flowing freely down the large ditch west of Corey Road, and many collector ditches are pushing

more water to its necessary exit point. They have done extensive work on Flashy Lane as well; digging and pitching a new drainage ditch that will help remove the excess water from the west end of Town. They have also installed several new culverts along Weber Road which will improve the flow of storm water along that roadway.

Over these last few months, the Department has been steadily doing repairs and maintenance on their fleet. The new Gradall, the Sterling Dump Truck, the Ford F-250 Utility truck, and all three tractors have been serviced. By ensuring that all of their equipment is properly maintained, our crew is able to perform their work at the highest level possible. The three tractors are all used for a wide variety of work. The new John Deere Tractor has attachments for brush clearing, as well as ditch digging. The Kabota Tractor is generally used for box blading roads, grading and filling in holes that can retain stormwater and damage vehicles. The old John Deere Tractor is primarily used for flail mowing along the Town's major corridors, as well as being able to box blade roads. As a community, we are very proud of the hard work our Public Works Department contributes to this Town.

MALABAR FIRE DEPARTMENT PANCAKE BREAKFAST

The Malabar Fire department will be holding their pancake breakfast fundraiser on the second Saturday of every month. The event will be held at the Malabar Fire House located at 1840 Malabar Road, and will take place from 9 A.M. to 1 P.M. These breakfasts help to support our local Fire Department by giving the valuable funds to help improve their equipment and resources. The firefighters spend the morning preparing a wonderful breakfast that includes: fluffy scrambled eggs; crispy, thick sliced bacon; and deliciously filling pancakes. Fire Chief Michael Foley personally works the grill to ensure each batch of food meets his high standards. In a joint effort between multiple members of the department as well as several members of the Town Council, large screens have been built to keep flies and critters out, while allowing the cool breeze to flow in through the open bay doors. Over the last few months we have seen this event grow into a great gathering of our community. Each month more and more citizens come show their support and enjoy a wonderful breakfast. A suggested donation of five dollars per person is recommended, but larger donations are always accepted. Please join us on September 14th for our next event and make sure you mark your calendars for this event for the rest of the year! The Malabar Fire Rescue Department would like to thank you for your support and we all look forward to seeing you there!
