

Town of Malabar Newsletter

A Fresh Look to Keep Our Residents Informed

Newsletter and Mailboat

The Town of Malabar newsletter has gone by "The Mailboat" in past years to remember R. A. Ward who would travel from Jacksonville to Malabar via boat to deliver mail twice a week in the 1880's. Just as the way we receive and send mail has evolved over the years, so is the way we receive our news. We want to ensure that news is accessible to everyone and that is why we have made this digital newsletter. No more feeling guilty about throwing paper away after taking the long walk to the mailbox! On the Town of Malabar website, there is a "Subscribe" button between the "Contact us" and "Find it Fast" buttons. Click that Subscribe button to get email notifications when we post a newsletter, you won't want to miss any exciting developments!

IN THIS ISSUE

Upcoming News

Our annual Christmas tree lighting ceremony is taking place on December 4th.

Future Town Event Planning

We want to hear your feedback and thoughts about planning a Fallfest or SpringFest next year.

Town Project Updates

Repaving of Weber Road. New pavilion for Thomas M. Eschenburg Park

Upcoming News/ Future Town Event Planning

Christmas Tree Lighting

Our annual Christmas tree lighting ceremony will take place on December 4th at 6:30 p.m. and all residents are encouraged to join the fun! Children can visit with Santa and his elves and even get a chance to see the Malabar Fire Department sleigh!

Future Town Event Planning

The last time the Town of Malabar had a community event was a 2021 Trunk'or'Treat Fallfest. We want to know your opinions and thoughts about hosting a Springfest or Fallfest next year. We have made a survey that residents can fill out, which can be found on our Facebook @TownofMalabar and on our website in the News and Announcements tab. If you are a newer resident and haven't attended a Malabar fest before, please feel free to fill out the survey too! We want to know everybody's feedback.

Town Project Updates

Weber Road was paved back in August of this year, and this is only the beginning of a huge endeavor that the Town is ready to embark on. The paving of roads in Malabar is one of the biggest priorities for the Town. There is a really good resource of information including funding plans for these road projects on the Town of Malabar website. Just search "EDC 2023." Also, a new pavilion has been approved to be built for Thomas M. Eschenburg Park. Designers are working on the layout of where it's going to be built at the park, and the Town couldn't be more excited to have another place for residents to have social gatherings.

DID YOU KNOW?

While we are always happy to help over the phone with requests at Town Hall, there is a way to submit your requests online on our website! On our website, if you click on "Helpful Links" and click the local link "Malabar Citizen Contact Portal", it will take you to a page where you can submit a request. Easy access for any requests for road-grading, mowing, or swale maintenance.
